DEFINITION AND SOURCE INFORMATION

Unit of Measurement*

Percentage

Calculation Methods*

The percentage is calculated as: numerator divided denominator times 100.

Numerator (short description i.e. not inclusions/exclusions)*

Homes using the **NHCAHPS Long-Stay Resident Survey** should measure this domain by calculating the percentage of residents who responded positively to the question: What number would you use to rate how well the staff listen to you?

Denominator (short description i.e. not inclusions/exclusions)*

For homes using the **NHCAHPS Long-Stay Resident Survey**, add the total number who registered any response to the question: What number would you use to rate how well the staff listen to you?

Adjustment (risk, age/sex standardization)- generalized

None
